

MAGIDO® GROUP

Stainless Steel Industrial Cleaning Technology

MP25-MP30

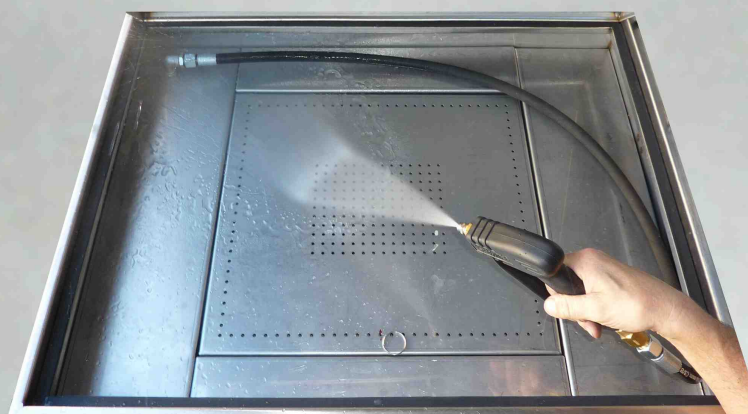

High pressure aqueous parts washers

MP25 has been designed to wash parts quickly and accurately. It keeps the workshop clean and efficient thanks to the limited washing area.

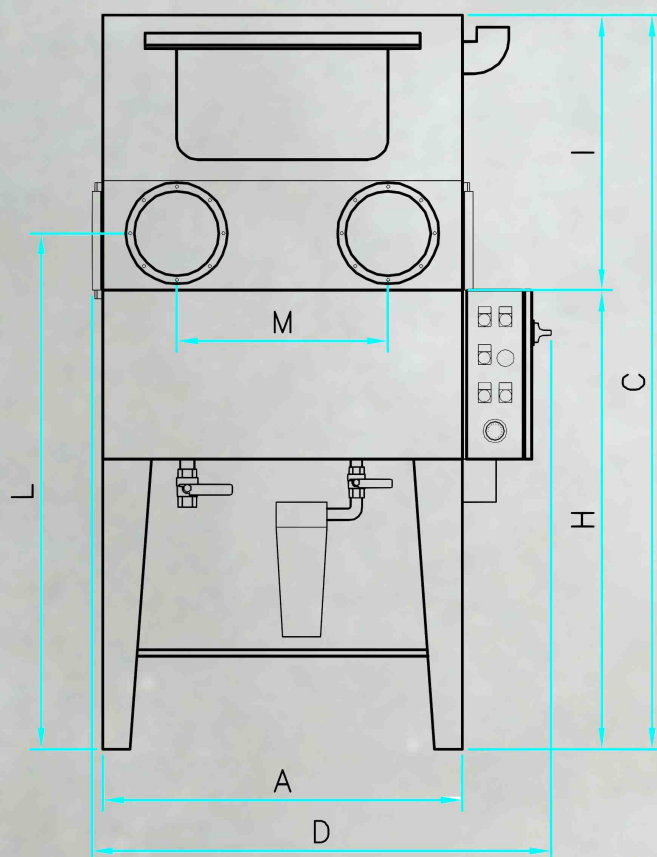

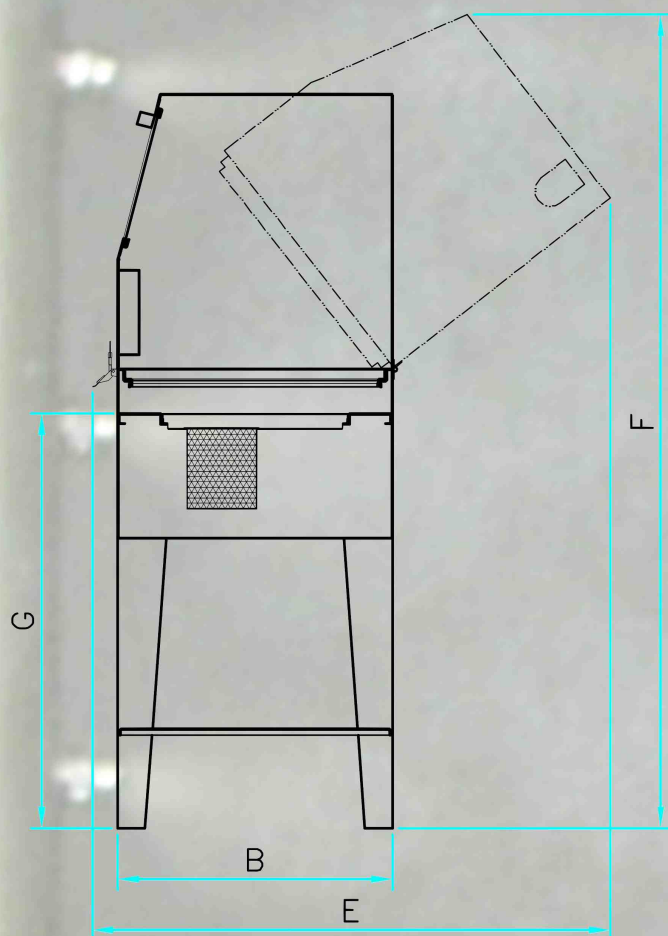

Start up by pressing the foot-switch allows a considerable energy saving, since pump is used only if necessary and, at the same time, it helps the operator's job.

Engineered for quick cleaning, safe operations and effective parts washing. Designed to keep the workshop clean and free of liquid spills.

Ergonomic foot pedal allows energy efficiency and high pressure parts washing!

		MP25	MP30
Heating power	W	3000	4000
Working pressure	bar	25	25
Spray rate	Lt/min	14	14
Max temperature	°C	45	45
Tank capacity	Lt	100	170
Load weight	kg	50	50
